

Dear Church,

Greetings in the Name of our Lord and Savior Jesus Christ – the King of kings and Lord of lords.

As the Lord is faithful to His promise that He will build His Church we continue to move forward experiencing His victory and gathering the spoil.

Here's the update of what is going on here.

The building of Seminary extension is progressing. Due to the unexpected pandemic we were not able to move last year. Beginning the second week of January 2021 we were able to begin the project. We saw the need of this as we saw the need to strengthen the church truly grounded in the word of God. It's difficult for us to travel but the people can gather locally so this building is of necessity.

We setup this studio so we can broadcast the live preaching during our chapel hour in our Main Campus. The Lord leads us to this new platform. With the gift you gave us we were able to equip the missionaries in the field with a wifi connection. We are using the facebook to reach them. We are pushing toward locating a center in each area that we can setup a studio like this so Pastors and student in area can gather and can connect with us as we teach and preach the word.

Nothing really changed. We continue to proclaim the glories of Christ through teaching and teaching the Word. We just adapt to the situation. Continue to pray with us as we are pushing in strengthening the church in her grasps of the word. It is so glaring that the church is so dependent to the pastor that it does not know how to really study the word and apply its truth. It became so glaring when the pandemic strike. People just accept the situation were the famine of the word is not felt. As before we were so confident that all is well, people truly love the word and the Person Christ. But with this situation the churches were put into a halt and seems no drive to continue growing in the truth. We became busy doing something else not digging and getting comfort from the word. As we open this live stream we receive many excuses that they cannot join. But there are also who felt the need to be fed and to continue to grow in the grace and in the Knowledge of our Lord and Savior Jesus Christ.

As matter of fact we called the attention of two of our missionaries as they are not active in participating in Our effort to train them. Without the pandemic it is so easy to say they are busy, but with the pandemic that all was put into a halt we expect them to be more active with the offered class as the training is on a place where they can gather freely – glad we have a place outside of the city. But they just pile up excuses, so we called their attention. Good news is one responded positively, but we have not heard from the other one. Pray with us. Our desire is to present the church chaste to her Husband – the Lord. So pray for the missionaries under our care that we will be one in this endeavor.

The Lord is indeed good as we are able to continue our service to the community with the Elementary School. We were so amazed how the Lord sustains us. We heard and witnessed that most of the private school in our area was forced to shut down. Truly the Lord is working. The Lord provided us teachers that are content with the allowance we can provide. And as the enrollment went down we the Lord enable us to have funds that sustains us in buying books, and office materials needed to print the module as an aide to the books because the teacher cannot do teaching face to face. We were able to loan the teachers with laptops needed for the online class.

Thank you for your prayers and being our faithful partner. The Lord continue to bless you.

In Christ,

Amiel
