Missionary Spotlight John and Jennifer Samson | The Samsons are missionaries in Kenya serving with DOOR International, but are currently stateside. In answer to prayer, baby Felix is doing well following surgery to correct a fused suture in his forehead. He is fully recovered, all his stitches have come out, and his scar has healed. In another answer to prayer, Jennifer needed surgery for two conditions that caused double vision for most of her life. What usually would take up to 8 months to schedule was accomplished in less than one month, and the hospital covered 100% of the costs. The Samsons plan to return to Kenya as soon as possible following Jennifer's recovery.
