A Comment From A Preschool Family...

Rivermont Preschool has been a gift to our family over the past few years. We have loved seeing the way the teachers care for their students, not only by helping them as they grow in their understanding of the world, but also as they grow in their understanding of themselves and their Creator. I am confident in the philosophy and methods used in the classroom and am thankful for the foundation of learning that has been laid for our son as a result of his time there.

Our Mission

The weekday preschool program operates as an evangelical ministry of Rivermont Evangelical Presbyterian Church, providing a Christ-centered ministry of love and caring to families and young children within the church family and the community. The Rivermont Preschool offers a program of age-appropriate, developmental activities to nurture children's spiritual, social, academic, and physical development in an atmosphere of Christian love, caring, and acceptance. The Rivermont Preschool seeks to establish a partnership in education with families to help ensure that the preschool years form a good foundation in these areas of development. The goal is to encourage and develop a positive self-image and to help the child experience the love of Jesus.

Curriculum

Our curriculum includes an age-appropriate developmental centers approach; meaning that

an environment in each classroom is created around various centers of play (play is a child's work). These centers include Blocks, Dramatic Play, Toys and Games, Art, Library, Discovery, Music and Movement, Cooking, and Outdoors. Each day's schedule

includes play at these centers, circle time activities, lunch, and Bible story time. This curriculum operates within the framework of a monthly theme and scripture. For example, our theme for September is "All About Me" and the scripture is "I am wonderfully made" **Psalm 139:14**. During Bible story time, we teach Bible stories using various approaches such as books, music, and "role-playing."

Staff

Our Christian teachers hold an education degree or have training and experience in working with young children. We place a strong emphasis on staff training and development to further equip our teachers with skills to make your child's early learning experiences the best possible. Our preschool program operates under the direction and supervision of the Preschool Council, and the day to day operations under the direction of the Preschool Director.

Facilities

In compliance with the Code of Virginia, our Preschool is a religious exempt childcare facility operated and sponsored by Rivermont EPC and regulated by the Virginia Dept. of Education meeting all required health and safety requirements. The preschool is fully insured.

Our facilities include four classrooms with restrooms, a room for indoor games, and the sanctuary for special events. We also have use of the church playgrounds for outside time. Our enrollment capacity is for 44 children.
