

**Sermon Discussion Questions: We are Dusty People (Psalm 103)**  
**December 29, 2019**

1. What in the sermon encouraged you, comforted you, challenged you, or informed you?
  
2. Why do we so easily forget God's goodness to us? What distracts us from considering "all His benefits"?
  
3. How does realizing that we are but dust humble us as people? How does realizing that God remembers that we are but dust encourage and build confidence as His people?
  
4. Read through Psalm 103 in its entirety. What do these verses reveal about God's mercy and how He forgives sin?
  
5. How does blessing the Lord for this great forgiveness help us keep growing in our discipleship? How does forgiveness keep us from continuing in sin and also keep us from getting stuck in shame?
