

Let it Snow, Let it Snow, Let it Snow

Nearly 5.6 feet of snow has fallen this month. That broke the record of any February in St. John's. ~4 feet of that fell within the week of Feb. 16th. Now 4 feet might sound manageable, but when snow drifts are 6+ feet tall and existing snow piles are 5-7 feet tall, shoveling becomes a lot of work.

Needless to say, we had a lot of hands and feet work this month. It was sweet to be able to physically help many of the seniors, shut-ins, and families whose husbands were away.

Despite the snow, much other ministry has happened this month:

Our college ministry is going strong. We have had ~14 out to each event, and students have brought at least one guest each week! I have been working on building relationships with students and am looking to meet up with some of the college guys.

I have been a part of our Thursday night men's group. This group is one of our Gospel Community Groups. The Lord allowed me to lead this group for the first time this month!

I was also able to preach at Calvary. It was such a joy to be able to preach God's word to His people! I have attached a link to the sermon below. I pray that it can be an encouragement to y'all as well.

The Month Ahead

In March we will have our first 2 missions' teams of the year! As well, we will begin packing up in and moving into the new offices.

Lord willing, beside the move, it will be a bit of a restful month before the chaos of late spring/summer comes.

I pray that Campus Ministry will continue to go well this month. I am planning to begin meeting with a few of the college guys and try to begin some discipleship with them.

I will be one of the main video editors on the team. This will be a worth-while skill to learn, and hopefully I will be able to take some of the load off of one of the planters who has been doing most of the videography. We made a video showing the updated progress of our future offices. Lord willing, we will move into those offices April 1st.

I will also be taking over writing/editing the quarterly Mile One Mission email update. These are two practical skills that, Lord willing, I will be able to use to encourage current church partners and bring in new partners.

Pray with Me

Let's praise the Lord together...

- Praise the Lord that we have seen such success with our campus ministry this semester!
- The Lord has been very kind in providing friendship for me here.

Please pray with me...

- **Campus Ministry**—Lord willing I will be able to build some real relationships with our college guys. Would you pray for two guys in particular? I am planning to meet with R and N. I hope to see these guys grow in their faith with Jesus.
- **Construction Trip**—We plan to have a team come and build the deck of our new office building. Please pray for that team and that the work would be completed quickly.
- **Gospel Conversations**—I have not been able to meet with Evan again, please pray that the Lord would put it on his mind to have coffee with me again.
- **New Office Move**—This is our last month in the current office space. There is much work to be done to get everything packed and moved. More than the manual labor, we hope to get the new offices fully furnished. Below is the video I was able to make showcasing the need in the new office space. Please take a watch and pray for the Lord to provide.

Support the Mission

I have had a few of you reach out for clarity about supporting me as I serve here in Newfoundland! I hope this explanation is helpful for anyone else that might have questions.

If you click the “Support the Mission” button at the end of the email, it will take you to our US partner which allows those in the US who donate to receive a tax receipt.

Once you’re there, You will choose “Mile1Mission” from the drop down box. Then please put my name in the note box. That is all you’ll need to do! The money will be designated to me and will be used to further the ministry here in Newfoundland.

If you would prefer to give another way just let me know and I would love to talk with you.

Till Next Time

To those who continue to pray with me, thank you. I couldn’t make it through the snow without you. To those who support me financially, thank you for

sacrificially giving. If you would like to get in touch, please email me: brodie@mileonemission.ca. I would love to know how to pray for you and even with you over the phone. Also if you know of anyone who would like to join the prayer team or to partner with me financially, please connect us!

I am continually grateful and hope these emails serve as an encouragement to you and a testament to the work the Lord is doing here.
Your brother in Christ,

Brodie Starnes
