

Matthew Rodgers -April 2025

Over the Easter break we hosted a soccer camp at the school next door. It went well as we had over 30 kids attend that week. We are so thankful for all the kids who came and the volunteers who helped make it possible. We even had some children from the school attend and hear the Gospel

At the end of the month I travelled to Cambridge, Ontario as I graduated from Heritage College and Seminary. I did my entire degree online from Newfoundland but I found the theological education I gained to be incredibly valuable.

I was glad to be able to meet my friends and professors, and I also won an award for preaching during our awards dinner

We continued our weekly study in John at DCC and on Easter Sunday we did our monthly service. Things went well and we did Communion for the first time which I always enjoy doing and find it one of the most beneficial parts of the service as we are reminded of Christs sacrifice for us.
