

Ministry Update

MARCH 2026

MIRANDA MARTIN-CHILDREN'S
MINISTRY INTERN
EMMANUEL BAPTIST CHURCH,
CHATHAM, ON

This month in our Ekids Midweek Program, we had the exciting opportunity to focus on missions and helping our children understand God's work around the world.

We hosted a special Mission Night where our kids were able to hear directly from people involved in missions. We were thrilled to have Bible translation missionaries, whom our church supports, share their experiences and talk about the importance of translating God's Word so that more people can read it in their heart language. The children were engaged and curious, asking thoughtful questions and gaining a deeper understanding of how God is at work globally.

In addition, a team of teenagers from our church who participated in a summer missions trip joined us to share their firsthand experiences. They shared stories about what it's like to serve in a different context, the challenges and joys of missions work, and how God used them to bless others. This gave our Ekids children a real-life perspective on missions and encouraged them to think about ways they too can serve.

Overall, the Mission Night was a meaningful way to connect our children to the larger work of God in the world, and we were encouraged by their curiosity, enthusiasm, and desire to engage in missions.

PRAYER

- Praise for kids choosing to be baptized on Easter!
- Praise for a successful mission night and prayer for our missionaries
- Prayer for planning for the end of our midweek program in April, that we would finish well and be able to remain connected to the community kids who come
