What a month November has been! It was a flurry of dress rehearsal and last minute preparations for our Christmas musical “Camel Lot”. Over 65 kids have been working since September to prepare this 50 minute musical production that reminds us “don’t miss the manger” in the busyness of the Christmas season. We had over 500 people attend between 2 performances on Sunday Nov 30, including many community families coming to see their child in the production. It is so amazing to see something like this come together. We had so many dedicated volunteers who share a heart for these kids and for sharing the gospel with our community who made this possible. It was a real highlight of my time in children’s ministry so far to see these kids put so much work in to preparations and see the joy on their faces as they shared it with everyone. Thank you for your prayers as we prepared, they were answered abundantly!

PRAYER

- Praise for all the people God brought to see the musical and hear the good news and for the commitment of everyone who had a part in making it happen
- Pray that new people we made connections with through this production would continue to come out to church and that we would have opportunities to further minister to them
