August Ministry Update

CAMP IN BADEN

God has been so good to Baden Central Church this Summer, and we are so thankful for his faithfulness to us. August was a slower month as Summer programming wrapped up and we prepared for the start of the new school year in September. Elaine and I were also blessed to be able to take two weeks off during August to rest as a family before the Fall begins. We are now looking forward to re-starting our weekly small group, as well as beginning to build a youth group at Baden Central to care for the many teens that God is bringing to the church. We are excited to put our newly renovated basement to even more use, though it has already been used many times for community purposes through the Summer.

We are also praising God that there are a number of young men in the church who are starting to explore a potential calling to ministry. Two young men specifically, named Dan and Zack, have enrolled in Heritage for the Fall to develop a strong theological foundation as they seek to follow where God may be leading them. Please be praying for Dan and Zack in this process, and be praying for us as a church, that we would continue to train them well, and give them opportunities to further explore this calling in the context of the local church. Praise God for what he is doing in Baden!

Prayer Requests

Pray for the young men in our church that God is prompting to explore a call to ministry.

Praise God for the blessing of completing the first phase of our basement renovation, greatly increasing our ability to care for our community in our own building.

Pray for those in the church who have trusted in Christ and are considering baptism.

Pray for the start of a new ministry year, and the return to regular weekly programs such as small groups.
