August Ministry Update

FUN DAY IN BADEN

Throughout the month of August the Lord blessed us with a number of opportunities to engage with our community through various events. At the end of the month we hosted a free “Baden Family Fun Day” in town, and invited the community to come take part. We were encouraged by the turnout, as many families came with their kids, and we were able to make many new contacts within the community, and share with them about what we’re doing in starting a new church in Baden. We were also encouraged by the positive reception from the community as we shared more about our ministry. We are praying that many of these contacts would lead to deeper relationships with those in our community.

As the Summer wraps up, we are also looking forward to the Fall, and the changes that will come with the new season. Starting on September 15, we are going to begin having our services weekly rather than once per month. We are excited about this new transition, and are praying that it will help us to be more effective in reaching the community of Baden with the Gospel. Please continue to be praying for us as we step into this new season.

Prayer Requests

Pray for us as we start to hold weekly services in Baden in September.

Thank God for the many open doors that we have seen with people in our community.

Pray that as the church grows, that we would be able to have an even greater reach in sharing the Gospel in our community.

Pray for the different people that God has allowed us to get to know as we’ve started meeting in Baden.

Pray for more opportunity to share the Gospel with our neighbours.
