## PREPARING 9 PEOPLE FOR EASTER BAPTISMS

*A joyful season of discipleship and spiritual preparation*

This month, we are currently preparing 9 people for the Easter baptisms on April 5. It is a privilege to walk alongside them during this important step of faith. We are grateful to see God at work in their lives and to witness hearts being formed for this public declaration of commitment to Christ.

## CONTINUING THE “DNA OF A BELIEVER” COURSE

*Building young believers on the foundations of the faith*

We continue to offer the “DNA of a Believer” course in order to train young Christians in the foundations of the faith, both before and after baptism. We see this as a kind of Christianity 101 bootcamp, designed to help believers understand the essentials of the Christian life in a clear and practical way. This training was developed by the leaders of the visitation team and continues to be an important tool in helping new believers grow with confidence and stability.

# A FULL-TEAM WELCOME MINISTRY ALIGNMENT FOR 2026

## A time of structure, vision, and unity

We also prepared a structure and held a meeting with our entire welcome ministry team, which includes about 60 people, in order to synchronize together for the year 2026. This was an important moment to strengthen unity, clarify direction, and make sure that everyone is moving forward with the same vision and purpose for the coming year.

# EXPANDED COACHING RESPONSIBILITIES

## Supporting key leaders in the life of the church

On my end, I am now coaching the leaders responsible for the visitation team, the information space, as well as security and communications. This represents a growing responsibility, and I am thankful for the opportunity to invest in these key areas of church life. My desire is to help strengthen the leaders serving in these ministries so that we can continue building a healthy, welcoming, and well-coordinated church environment.

In all this, I was also blessed by SEMBEQ with a scholarship for a portion of my studies. This helped me greatly in ministry.
