A SEASON OF GROWTH AND GOSPEL IMPACT

Since February 2025, I've had the privilege of overseeing the newcomer area at our church. We've seen tremendous growth—averaging **five** new visitors every Sunday! That's **50 new people** who walked through our doors in just a few months. Even more exciting, **seven** of them made the decision to give their life to Christ. Praise God!

Being personally coached by **Pastor Noel Morissette** and **Pastor Matthieu Giguère** has been a gift. Their mentorship is shaping me not only in the art of evangelism but also in the heart of discipleship and the patience that comes with walking alongside people.

DISCIPLING THE NEW GENERATION

In March, Noel and I launched an evangelism group open to all newcomers. We honestly didn't expect the turnout we're seeing—**18 to 25 people every two weeks!** The conversations have been vibrant, fun, and deeply rooted in Gospel truth. Out of that group, I've started personally coaching two individuals, offering follow-ups and discipleship homework to help them grow in their faith.

Prayer Request:

I would like prayers for our evangelism team to grow in order to support all these new people coming in church. It can be overwhelming especially with limited ressources. We're trying our best we what we have - we need your prayers to keep up with the church's growth! And on a more personal level please pray for me to lead and prioritize my time with wisdom and to search God's will at all times.

NEW CONNECTIONS

Last weekend, I attended the Evangelism Forum with Pastor Noel, where I connected with passionate leaders from all over. Some of these new relationships may lead to future collaborations—God is definitely opening doors

BUILDING SYSTEMS FOR LONG-TERM IMPACT

And now, we're taking the next step. I'm currently developing an automated follow-up system for our church—starting from the very first visit, with personalized emails, calendar bookings for pastoral follow-ups, and smart contact tracking. This will ensure no one falls through the cracks and every visitor is loved, known, and followed up with care.
