

Evangelism in a Skeptical World

Week 5

Evangelism to Postmoderns (Chapter 4)

There has been a major shift in thinking since the 1980's. The shift is from the modern age to the postmodern age.

Due to this change we as Christians need to rethink how we share the gospel with others.

Some of the tools we can use to evangelize in this postmodern world are:

1. Be authentic
2. Share your testimony
3. Be hospitable
4. Use stories
5. Live out biblical wisdom
6. Use different biblical metaphors for salvation and sin
7. Use the creative arts, books, stories, movies, art, etc...
