

Prayer, Does It Make Difference

Week 2

Keeping Company with God (Chapter 3-5)

Are you the “real” you when you pray to God or do you put on an act?

There are six attitudes we should have when we come to God in prayer.

- Guilty
- Helpless
- Humble
- Doubting
- Honest
- Exposed

We need to develop our friendship with God. This is done through talking to God. Not asking God for things but talking to Him as we would a friend. This means the things you do daily, what you ate, complaints about your boss, kids, spouse. God wants to hear all these things.

The summary of this first section is this:

- Prayer is not about:
 - Checking an obligation off your task list
 - Bringing your list of needs to God
- Prayer is about:
 - Creating a relationship with God
 - Spending time with a friend
 - Expressing your complaints, frustrations
 - And listening
