

# Prayer, Does It Make Difference

## Week 8

### Prayer Dilemmas (Chapter 18-19)

God created rules in the universe that we work with in and sometimes God will intervene and break those rules. Sometimes, maybe most of the time God does not “break” the rules but lets his design work. Sometimes we just don’t see the miracles around us, our own human body’s capability to heal. God created this body and all it can do, and that is a miracle.

What to pray for:

- Heart Desire
- Lament
- Confession
- Peace
- God’s Presence
- Compassion
- Gratitude
- Faith
- Grace
