

# GPS GUIDE

## GROW, PRAY, STUDY

Luke 6:43-49

Sermon notes:

Reflection questions:

1. What's your favorite fruit? What are the elements of a "good" piece of fruit? How can you tell? (Look, taste, freshness, etc.)
2. What quality of spiritual fruit would your acquaintances say you are producing: Grade A-1? So-so? Wormy? Why? What would Jesus need to do to make it good?
3. Compare the two houses and their owner-builders (Luke 6:46-49). How does this lesson relate to verses 43-45? How do Jesus's teachings about the tree and its fruit and the wise and foolish builders help you recognize what matters in the kingdom of God?
4. Jesus says that the wise person will put his words "into practice." What words from Jesus have you heard recently that you still need to put into practice?

How I can respond in faith today: Ask Jesus to produce his good fruit in your life, and be willing to have him go to work on your heart—at the foundation and core of who you are.
