

IGNITING COMMUNITIES FOR JESUS (ICJ) – JEAN BOSCO MUTEBUTSI, NATIONAL DIRECTOR

Ministry Focus:

Igniting communities for Jesus aims at reaching out, discipling and connecting widows, orphans and Batwa people in Burundi to the local church. We would like to see these vulnerable people reconciling with God through prayer, bible studies and fellowship; as well as being empowered with skills to alleviate poverty.

Strategies for Sharing the Gospel in this Ministry:

We are discipling communities that we work with through:

- Adult literacy classes that enable those who have not been able to go to school to read the Bible for themselves.
- Weekly meeting in small groups for Bible studies and prayer
- Ongoing Regular Discipleship trainings
- Pastor's trainings.
- Bible listening
- Encouraging fellowship
- Encouraging church attendance.
