

May 2026 Congregational Care Newsletter

YOUR INVITATION

Come be the Hands and Feet of Jesus Christ through the St. Michael's Congregational CARE Ministry

As a leader and coordinator of the St. Michael's Congregational C.A.R.E. team over several years, I have personally witnessed the CARE and BLESSING of so many in need in our church family.

Matthew 9:37-38 says: ***“the Harvest is plentiful, but the Laborers are few”*** and this could not be more true.

It is also true that people live very busy lives. We have those who can attend our monthly meetings regularly and some that cannot but, they still feel called to serve when called upon and available. CARE is very blessed to have multiple teams who unite when there is, on occasion, an extraordinary demand for CARE from any one area of ministry. This way, it is rare that anyone will face **“ministry burn-out”** that often happens with church volunteers.

With any interest...please call me or text **(subject CARE)** David J. Richardson, Lead Coordinator, Congregational CARE TF at **843-860-5124**. Let's discuss by phone or I will meet you somewhere convenient to you to personally discuss any questions you may have.
