Verse 1

          G#m          C#m  
Though earth be overwhelmed by war  
          G#m          C#m  
And storms be vast in size  
          B              C#m  
Should heaven's glory soon adorn  
          G#m          F#  
Our ever-longing eyes  
          G#m  F#      E  
Far be it Lord that we be found  
          G#m  D#m  E  
Neglecting Your return  
          G#m  D#m      E  
May we instead Your truth resound  
          B          F#      B  
And for Your presence yearn

Verse 2

          G#m          C#m  
When Jesus rides upon the clouds  
          G#m          C#m  
To gather up His bride  
          B              C#m  
Descending with a mighty shout  
          G#m          F#  
The dead in Christ shall rise  
          G#m  D#m  E  
But we who still in Him abide  
          G#m  D#m  E  
Will meet Him in the air  
          G#m  D#m  E  
And so we ever shall reside  
          B          F#      B  
In heaven with Him there

Verse 3

          B              C#m  
Take comfort in the risen Lord  
          G#m          C#m  
Take comfort, all who wait  
          B              C#m  
Take comfort in His precious word  
          G#m          C#maj2  
For He will not delay  
          B      F#      E  
But He will come again in pow'r  
          B      F#      E  
Of this we can be sure  
          G#m  D#m  E  
May we be sober in this hour  
          B          F#      B  
In Christ we shall endure

Chorus

E              G#m  
We will watch, we will pray  
B      E          G#m  F#  
We will trust Him and obey  
E              G#m  
We will wait, unafraid  
B      E          G#m  F#  
'til we meet Him on that day
