

TRIAD BAPTIST CHURCH

Campus & Facility Use Purpose Statement

Triad Baptist Church is grateful to steward the facilities and resources God has entrusted to us. Our campus exists first and foremost to support the mission and ministries of Triad Baptist Church, including worship services, discipleship ministries, outreach efforts, church-sponsored events, and the ministry of Triad Baptist Christian Academy and Preschool.

As a ministry resource, our facilities are intended primarily for the use of church members, ministry groups, and church-sponsored activities. While Triad Baptist Church is not intended to function as a public event venue, we are pleased to consider facility requests from members of our community when space is available and the proposed use aligns with the mission, values, and policies of the church.

Facility scheduling priority is generally as follows:

1. Triad Baptist Church worship services, ministries, and church-sponsored events
2. Triad Baptist Christian Academy and Preschool activities
3. Triad Baptist Church members and member-sponsored events
4. Approved church ministry partners and community organizations
5. Other approved community requests

All facility use requests are subject to availability, staff approval, and compliance with applicable church policies. Submission of a request does not guarantee approval or facility availability. Please email events@tbcnow.org for request details and policies.

We are thankful for the opportunity to serve both our church family and our community through the responsible stewardship of these facilities.
