

KIDDING AROUND

Triad Baptist Church ❖ Children's Ministries ❖ Kernersville, North Carolina

What's Up SEPTEMBER

Thursday, September 5th Awana Staff Orientation and Planning Meal

6:45-8:00 PM - All of our Awana leaders serving this fall are invited to join us for a time of orientation and training as we prepare for another exciting new Awana year! This will be a "working meal" as we will serve a Chick-fil-A box meal to all 2024-2025 Awana staff during this important planning meeting.

Sunday, September 8th AWANA KICKOFF NIGHT

5:00-6:30 PM - Awana is an exciting ministry, designed to teach boys and girls God's Word in fun and engaging ways! Don't miss this upcoming Awana season, including this special Kickoff Night!

Wednesday, September 11th KIDS STREET CHRISTMAS PROGRAM KICKOFF For Age 4 through Grade 5

6:30-7:30 PM - Rehearsals for children Age 4 through Grade 5 are scheduled for Wednesday nights through the fall, and Kickoff Night is Wednesday, September 11th! Rehearsals prepare you to participate in our annual KS Children's Christmas Program night, scheduled for Wednesday night, December 11th!

God Made It and it was Good

God did it! He made light, stars, birds, trees, your pets, your parents, and you! God made everything! He is the great Creator. In Isaiah 40:28 it says, "The Lord is the everlasting God, the Creator of the ends of the earth...His understanding no one can fathom."

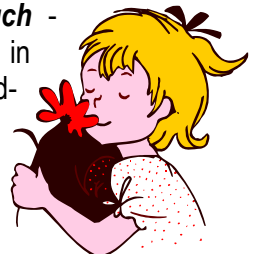

Webster's Dictionary defines science as "the study of the natural phenomena" (a rare occurrence of some event). A Christian knows that science is actually studying what God created. God is the great scientist who created what the dictionary calls "natural phenomena."

As you start a new year of school, look for cool things God has created in your science class and experiments. And if someone tells you that the world was not created, it just evolved, just remember they don't have all the facts. Maybe they haven't read the greatest book of all, the Bible. You can even review the creation story by turning to page 1 of your Bible and reading Genesis chapter 1. Read it with your mom and dad and talk about how cool it would have been to see plants, animals, and Adam and Eve, being created right before your very eyes. God is so amazing and powerful. Today, let God know how great you think He is. Take a walk outside. Take a deep breath, feel the warm sun on your skin, smell the flowers, watch the birds fly, find a really cool bug, and remember that God created it all. This year's science class will be great! Thank you God for science!!!

THE PARENTS CORNER

God was really creative when He made humans, especially when it comes to the five senses. Use the activities below as an opening to talk with your children about creation and being thankful for the way God made them.

Sight - Take your kids outside and look for unusual insects. **Hearing** - While outside, have kids close their eyes and listen for sounds. Examples: birds chirping, cars honking, people talking, etc. **Touch** - Place several objects in a bag. Have each child reach in (without looking) and tell you what he feels. **Taste** - While blindfolded, feed your child different food or drink items. Examples: lemons, peanut butter, crackers, etc. See if they can name the items. **Smell** - Keep your kids blindfolded and hold several items for them to smell. Examples: onion, orange, vinegar, etc.

Well, here we go again! September is a time of *new beginnings*, with new classes and teachers, new friends, and new experiences. There are even new homework challenges (sorry to bring that up!), new freedoms, and as always ... new responsibilities.

Don't forget to turn in your new "servant sheet"! This is your "applications" which will let me know what areas you would like to help us with in Kids Street Worship! For more information, all you have to do is just check out this link ... www.tbcnow.org/servant-surveys

We will wrap up our "Game Over" series in Kids Street Worship in September, so don't miss a single Sunday of this important series, as we learn from eight of the greatest comeback stories in the Bible! Join Game Boy, Karl, and even Big Ray as we wrap up this exciting series!

Wednesday night rehearsals for children Age 4 through Grade 5 start on September 11th, and continue through the fall. Parents, don't miss this chance for your child to participate in our annual Children's Christmas Program night, scheduled for Wednesday night, December 11th!

Finally, a special "shout out" to our new fifth graders! Make your last year in the children's ministry count!! You can start by taking a class to learn how to operate the laptop and camera during Kids Street Worship Services! That's right! Your parents just need to email Mr.

Scott at sawilliams@triad.rr.com or call/text him at 336-442-4818 to get you signed up. Classes are by appointment only, and happen only on select Sunday afternoons.

So let's get to it ... get involved this fall!!

Because of Him,

Mr. Tim

AWANA THEMES - SEPTEMBER

SEPT 8th ... "Kickoff" Night

SEPT 15th ... "School Spirit" Night ... This is the night to be proud of the school you attend! Wear a shirt, a hat, or anything else to let us know!

SEPT 22nd ... "Ice Cream" Night ... Clubbers and leaders will cool down with some ice cream on this night.

SEPT 29th ... "Bring a Friend" Night ... Invite a friend, classmate or neighbor to come experience Awana!

| 15 Cora Lewis (Infants) | |

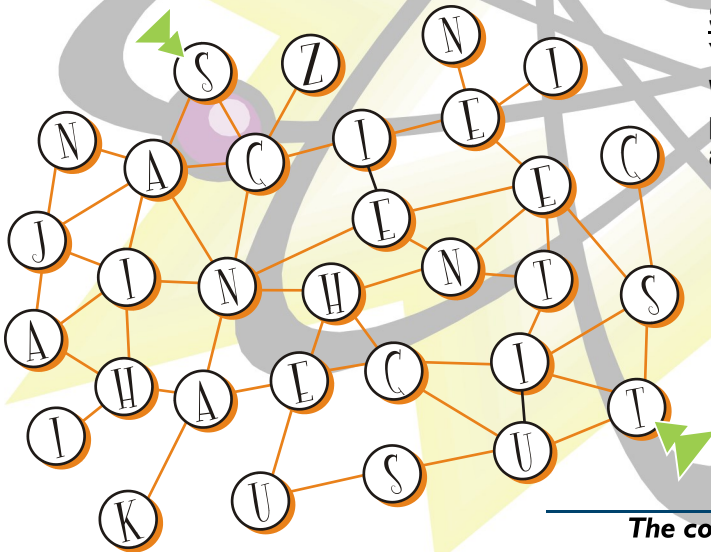

God Loves Little Scientists

Kids have been fascinated with cool science experiments forever. You can mix two different things together, and watch as they form into something new. Sometimes the new creation bubbles, vaporizes, gets hot, gets cold, or turns a different color. The best experiment was when God created the universe. What's really cool is God created everything from nothing. You could say this makes God the ultimate _____!

Hey, where did the last word of that sentence go? To find out what that word is you need to begin at the top arrow of the puzzle and go to the bottom arrow in eight moves, putting the letters together as you make your way to the bottom. But beware, not every path will lead you to the right answer.

The correct answer is...

God put some really cool stuff on earth. Some of the stuff may seem kind of boring, but when mixed together, the fun has just begun. Ask an adult to help you, and try the following experiments!

CLEAR IMAGE

You need: clean pane of glass, soapy water
What to do: Dip finger in soapy water and write a secret message on glass. Where did the words go? Try breathing on the glass.

BACK AND FORTH

You need: pie pan, water, pepper, soap, sugar
What to do: Fill pan with water. Sprinkle pepper in water. Dip wet soap in pepper and see who takes off running. Shake some sugar in the water, and see who comes back around.

SPILLING OVER

You need: jar, 1 c. vinegar, 1 Tbsp. baking soda, food coloring
What to do: Put baking soda in a jar and place jar in a shallow pan (pie plate). Add a few drops of food coloring to the vinegar and stir. Pour vinegar into jar with baking soda.

SINK OR FLOAT

You need: 3 tall drinking glasses, 3 fresh eggs, salt, rubbing alcohol
What to do: Fill 1 glass with water. Fill 1 glass half with water and add salt until no more dissolves; fill the rest with alcohol. Fill 1 glass with water and add salt until no more will dissolve. Drop one egg in each glass and watch what happens!

It's baaaack ... Are you ready??
KICKOFF IS SUNDAY NIGHT, SEPT. 8TH!
