

SIMPLY CHRISTMAS

Simply Hospitality – Simply Christmas

December 18th, 2022

This Fourth Sunday of Advent is characterized by the word, love. Love signifies the sense of belonging that we experience through relationship with God the Father, through the sacrifice of His Son and the presence of the Holy Spirit.

It is most clearly demonstrated through belonging to a local church where we experience love, acceptance and belonging.

In the story of the first advent, God repeatedly guided Joseph and Mary and provided them with support and encouragement. Read Luke chapters one and two and note the places that God was present for them.
