

Purify

Intro: E A C D

Verse 1:

E **A**
Countless sacrifices, offered blood
C
Dead carcasses for what I've done
Our futile dam against the flood
E **A**
Parroting some words up on a screen
C
Showing up to church just to be seen
The preacher talks, my insides scream

Verse 1.5:

Em D/F# G A7
Because instead of a law that we nail up on our walls
Em D/F# C
You want it living in our hearts
Em D/F# G A7
We were never clean, even before 33 A.D.
Em D/F# C
All this stuff could never save me

PreChorus:

C#m **A**
That's why You said You don't like our empty sacrifices
C#m **F#m E/G# A**
That's why You told us You were sending Your Ser - vant Son

Chorus:

E F#m
To make You known in my heart
E/G# A
In my soul, in my mind
E F#m
To purify this broken conscience
E/G# A **(E, intro; 2nd time, repeat once, then go to bridge)**
In Your presence I surrender, Make me whole

Verse 2:

The violence that we see is not the end
The cross atones, the life amends
But only blood can bring forgiveness

PreChorus:

That must be why You're always focused on the inside
To give us any hope to live You had to come and die

(Chorus)

Bridge:

C D A

You don't settle for a shadow of love

C D A

When every perfect gift is from above

C D A

It's the only plan to save us

C

From just playing games and living the same

D C D

To people of peace washed in Your blood
