

JOURNEY UPDATE

BE PART OF SOMETHING BIGGER THAN YOURSELF

We hope you had a great summer, and now as fall begins, we're excited for this season ahead. This past year has often been filled with social distancing and shut downs. We have seen the isolation & struggle have a negative impact in our community. Now is the time for us to make a move to share hope and spread kindness in greater ways. **This fall you will hear this consistent concept at church - Be Part of Something Bigger Than Yourself.** We think this is such a big need in our own lives, our community and our world, so we are going to level up our efforts at The Journey to give you more opportunities to experience God working in and through your life.

Our community has been in a mode of isolation and shut down. Now is the time to share hope and spread kindness.

This Fall we will be introducing new options like Partnership Team Nights, a new Global Partner to impact our world and Serve Week with projects to spread kindness over 7 straight days. We're also increasing our efforts for Journey Kids & Teens, Network Teams, and our Sunday Services.

Now is the time to jump back in and be part of something bigger than yourself. We know this past year has been crazy, but don't let that stop you getting back into the journey. We are a judgement free zone and it's always a good time to come back. We will have **Fall Kickoff the weekend after Labor Day** and it will feature service projects, Journey Kids events, a tailgate party and on that **Sunday, September 12 we will be back to two gatherings 9:30 & 11:00 am at both sites with Journey Kids classes at both gatherings.**

That's just the beginning. The whole month is filled with projects to impact our community and options for you to experience God. We will still continue to provide a great online experience too and if you aren't able to attend, please follow our social links because this Fall we're leveling up the online impact too. We hope to see you this month and for our Fall Kickoff Weekend. You can find more details on our website.
