

# FAMILY VISION WORKSHEET

A Family Vision is about developing character & instilling values into the lives of our families. It's more than just things we like to do, but it's about who we are becoming. Answer the following questions to begin to brainstorm & develop your family vision. If you are married, answer the questions separately, then find the common thoughts together.

- 1) What qualities would define your dream family?
- 2) What characteristics in life make you happy and/or proud? What are you passionate about or what are your most deeply held beliefs?
- 3) How do you hope God would describe your family and/or what qualities or actions does God want for your family?
- 4) What do you want others to say about your family?
- 5) If you have kids, what qualities do you want to define them when they are adults?

Find some common ideas from the above questions. Circle 5-8 values/characteristics that are the most important to your family.
