

PARTNERSHIP

FALL QUARTER 2022

Joining together to
own and live out the mission
for a greater impact.

Partnership is about owning and living out the mission of our church.

It's a commitment to be personally active and joining together with others for a great impact. Each year for Partnership we will focus on two specific areas of the Growth Pathway. We will have quarterly challenges, Sunday series, focused next steps and events & opportunities in line with our yearly focus. This year we will focus on two of the aspects under Follow Jesus & Share Hope:

INVEST, INVITE & BRING A FRIEND: Pray & create opportunities to invite your friends to church.

PRAY CONSISTENTLY TO CONNECT WITH GOD:

Prayer is a conversation with God. Keep your heart focused and connected to Him with regular times of prayer & as you pray short prayers throughout your day.

Throughout this year, we'll share some ideas, encouragement, and resources that will help you experience God working in and through your life as you own and live out the mission.

FALL QUARTERLY CHALLENGES

TEAM SWAG BAG

We have some resources and tools to help you own and live out the mission with our two focus aspects this year.

SHARE HOPE WATER BOTTLE & STICKER

Use these tools as a way to remind yourself to Invest & Invite or to create conversation with others. Have a plan of how you will respond to someone if they ask about the "Share Hope" logo.

PRAYER STICKER

Our goal is to create a consistent time of prayer to connect with God. Put the sticker somewhere that will remind you to pause and pray as you go throughout your day.

DANGEROUS PRAYERS

Dangerous Prayers can actually help us take steps in both aspects for this year.

Set an alarm on your phone at 12:34 pm (or whatever works for you) so we can all join together and ask God to "Make me Bold".

We have some of the *Dangerous Prayers* Books. If you will actually read it, take one. If you're not a reader, consider watching the complete series at life.church (or listen to the podcast) or do the Bible Reading Plan in the YouVersion Bible App.

You can find more resources, ideas and tools on the Growth Pathway pages on our website.

COMING UP

As you are thinking about inviting someone, Sunday Gatherings are a great option, but a Network Event or Service Project might be less intimidating and more intriguing to some people. In September, we have a couple Network Events. Serve Week is coming up starting on October 8. Our Annual Yard Ambush will be in early November as well.

Here's some insider info: This Fall we will be rolling out a major next step for our church as we head into a new phase for The Journey.
