

REVELATION AND RESPONSE • EXODUS 20:18-21

Exodus 20:18-21 is packed with Revelation and Response. This remarkable scene details how God revealed himself to his people, how they responded, and introduces their desperate need for someone to stand between them and a holy God. Along the way, we learn that God has revealed himself that we might know him, worship him with holy fear, and live holy lives in response. We will organize our text looking at *1. The Revelation of God, 2. The Response of His People, 3. The Request for a Mediator.*

DISCUSSION QUESTIONS

1. What did our study of the 10 commandments reveal to you about God's character? How did they reveal your need for God's grace?
2. Where do you see the wrong kind of response in this passage? Where do you see the right kind of response?
3. When has the right fear of God caused you to draw close to Him? When has the wrong fear of God caused you to stand at a distance?
