

## DISCUSSION QUESTIONS

1. Consider some of the blessings and threats that the church in Acts faced as it grew. What are some of the blessings and threats that we are likely to face as The Trails grows and enters into its next season?
2. Read verse 3 aloud. What are the qualifications of the 7 men selected? How do their roles differ from the apostles?
3. How is God calling you to share in the ministry of The Trails Church?
4. Now look at verse 7. What are the three activities listed as a result of the apostles prioritizing gospel ministry? What implications does this have for us as a church today?
5. What does Luke mean that “the priests became obedient to the faith?” Why is this significant? And how should it impact our evangelism today?

**PRAY:** Thank the Lord for the growth we’ve seen so far as a church plant, and for the blessings that have accompanied it. Ask that God would help us prayerfully and peacefully deal with the threats that are to come as we continue to flourish in gospel ministry. Pray that God would give you clarity and discernment on how he’s calling you to share in the ministry at The Trails. And pray for those who are the “priests” among us, that the Lord would save those who seem beyond saving.
