

1. Get Acquainted: Icebreaker, pick an option

- When was the scariest time when you were lost or lost someone?
- What is something that you seem to lose most?
- What is something special or sentimental that you have misplaced or lost and you still think about it from time to time? How long has it been missing? What makes it special?

2. Worship:

Singing and making melody in our hearts is such a wonder-filled gift and it is a clear way to fulfill the desire in the Lord's prayer to have Thy Kingdom Come to earth as it is in Heaven. Our worship team makes all the songs available for us to enjoy so below is the link to the songs on spotify. Click on the link pick your favorite and play it for your group. The lyrics will be in an attachment with The Facilitator.

Also, have each member of your group pick out their Song of the Week (SoW) from the group of songs. SoW is great way to worship and be reminded all week of God's love for you and your mission. Try it for week and see if have that song first on your playlist does help you live with an uncommon passion and zeal this week.
