

Sermon Reflection:

Introduction: Hypocrisy as Gaps. We all have gaps between what we know and how we live.

Walking in the Light

Gift of the Light of God that shines on our past, present and future

- How has God blessed you in revealing your past, present and future?

Fellowship completes or fills up our joy

- What was the last happening in your life that you could not wait to tell a friend just to complete the joy of the experience?

Missing the Mark

- What is the light revealing where you are missing the mark?
- You can stop right now and ask him to give you what you lack. Now would be a grand time.

Characteristics of Walking in the Light:

- Calling – New heart, New passions, New responsibilities
 - What is your Calling?
- Continual Cleansing – Present Personal Active
 - Constant sinning – Constant cleansing
 - What sins, little sins, have you quit confessing and have resigned yourself to them? Confess them now.

Speaking in Light

Confessing our sins – Words, God will give us words to declare our failure and need.

Qualifications – Sinning qualifies you to cry to Jesus

- Crying out to God for forgiveness qualifies you to speak the truth in love to your neighbor.
- What is a sin you condemn in others that make them not want to be around you?
- What habit makes you seem like you don't sin so others won't share with you their sins and failures?
- Give Praise and Honor to God
 - Praise Him for your good Godly desires and habits
 - Pray God would work them into the lives of your friends
 - Give Glory to God by Confessing your Struggles and Needs

Abiding in the Light – Light Living

Happying your heart is God.

- The measure of your living in the light is how “light”, both brightness and weight, your life feels to you.
- God has given us His Creation, His Word, Prayer and Fellowship for us “lighten up” and live in His Light.
- Where are you sinning by taking on the weight and work of God?
- How does God lighten your load and ease your burden?
