

10th April, 15.

Dear Pastor Bryce and Way of Grace Church,

Warm greetings to you from Ps. Daniel - India!

It's really been a very long time since I have communicated to you. God has wonderfully blessing my ministry and all my efforts for His kingdom through your prayers. As a result of your giving we are able to see much fruit and many people being added to the church. I really thank God for your faithful provision which I receive regularly and it is such a great blessing to me.

Inspite of many challenges and tough times God has been sustaining me and motivating me and giving me boldness to proclaim Christ and His witness among the surrounding communities. I strongly believe it is only because of your earnest prayers God is protecting me and preserving me and the congregation. As a result of the prayers God is healing many people and performing many wonders and miracles in the lives of the believers and also the new seekers. Believers are being established in faith and continue to love the Lord and walk in all His ways. And hence I am really joyful in the Lord and give all praise and glory to God.

Regular Sunday Worship services are conducted at Jillela and also at Badanapally village which is 8kms. Away from Jillela where my eldest son Samuel is pasturing a small congregation of 25 members. This village has least transportation facilities. Because of this we have started a small Christ group which gathers every Sunday for worship service. God willing we are planning and praying that God will provide us with a good place and building for the church. Keep praying for this need.

God is working in the lives of many young people. Nearly 120 youth have attended a one day Youth Meeting at Jillela Church. Brother John Christopher youth speaker gave a challenging inspiring message of salvation to the youth and also preparing the youth for discipleship. At the close of the day 20 youth gave their hearts to Jesus and 1 witnessed in the waters of baptism.

HIV/Aids Clinic continues to impact the affected patients coming from surrounding Medak and Karimnagar districts. We now have 30 patients on our roles who continue to receive medicines and regular health checkups thus monitoring their overall health. We also have a 15 year old boy who is effected with HIV/Aids for the past 1 $\frac{1}{2}$ years. After receiving our medicines his health has drastically improved. Continue to uphold this ministry that these patients would come to know the Lord and hope in God who alone can give life to them.

I am also delighted to let you know that 28 children from Jillela church and surrounding village are studying at StoneBridge School. I really thank God for this wonderful provision for these deprived children who would otherwise had no hope or future for their lives. Pray that each child would be moulded as per the plan of God and be a blessing to many.

At the Tailoring Center with 7 Sewing Machines we were able to train young girls in Tailoring skills. Each batch consists of 10-12 girls and so far we were able to complete 6 batches equipping the girls with tailoring skills. Very soon we will be giving away the Certificates and presenting the girls with a Sewing machine who have completed the course successfully.

God has wonderfully delivered 2 women named Yadavva and Swarupa from the power of the witchcraft. For nearly 15 days we steadfastly prayed but satan continued to work very deceitfully trying to attack them again and again. It was really pathetic to see these women struggling to come out of this witchcraft. After much prayers God has wonderfully delivered them completely from the power of the witchcraft. Seeing this miracle both these delivered people and also 2 others who watched me are seeking to know more about God and coming to the church.

On the family front my wife Esther and my younger son Samson are doing well and continue to be a source of encouragement to me and assist me in the ministry. Both my wife and me are keeping in good health inspite of many weaknesses in the body.

Pray for the summer ministries. Many young girls and boys will be attending the VBS Teacher's training to be held at Stonebridge School on 24th & 25th of this month.

Pray for the vacation bible school in Jillela church and nearby centers that God would take complete charge of the children and all the classes for nearly 10 days. Pray for all the needs.

Also pray for the Believer's meetings during the summer season that the believers would be strengthened and many people would come to know Christ.

Pray for Martha's mother Yellavva aged 55 years who has undergone a open heart surgery. Pray for the complete recovery. Pray also for Martha who is the tailoring tutor at our Tailoring center for her good health.

I once again thank you for your prayers and faithful provision regularly. I am ever grateful to you and thankful to God for your generous giving. Please be assured of my prayers for you and the family and your ministry. Please continue to uphold me in your prayers.

Thanking you,

In His Service,

Pastor. Daniel
