

## **Westlake GDPR statement**

Association Westlake Church Nyon (AWCN) is committed to complying with the new Swiss GDPR regulations which came into effect on 1 September 2023. We make certain on sign-up that people know they are being added to a database and have the option to opt-out or to only positively “opt in” (i.e., you only sign up if you want to be in our database). Our Digest has an unsubscribe feature. Our contact person, who can delete or amend any of your records, can be reached via the email address [GDPR@westlakechurch.com](mailto:GDPR@westlakechurch.com). We ensure that access to personal data recorded by AWCN is adequately protected, and we do not share our data with any partner associations or companies. We plan to have periodic audits to verify that all our processes remain GDPR-compliant.
