Opportunity to practice English using the Bible.

Optional Monday Evening Class: Christianity Explored

Christianity Explored is an informal course for anyone who wants to investigate Christianity. The class examines the book of Mark in the Bible to explore the identity, mission and call of Jesus. We will respect your background, culture and beliefs. All are welcome.

Optional Monday Evening Class: Gospel of John

In this course, we will explore the Gospel of John with a primary focus on addressing the question: "Who is Jesus?" Through the examination of well-known biblical passages, the sessions will deal with Jesus as: the Son of God, the Christ, our King, our Living Lord, the Way to God, the Source of Living Water, the Bread of Life, the Light of the World, the Good Shepherd, the Resurrection and the Life, the Giver of the Holy Spirit, the Vine and our Intercessor. While the course is designed for Christians, all are welcome.
