Jesus is your Example

1 Peter 2:21

Mark 10:45

A new commandment I give to you, that you love one another, as I have loved you.

John 13:34

The King will answer and say to them, "Truly I say to you, to the extent that you did it to one of these brothers of Mine, even the least of them, you did it to Me."

Matthew 25:40

Guidance for Giving

Based on information provided by each organization listed in the City Tour, the organization is recognized by the Internal Revenue Service as a Section 501(c)(3) nonprofit, thus contributions made may qualify as a charitable deduction for federal income tax purposes under the provisions and limits of Section 170.

We encourage you to confirm the charitable organization's current status if you are giving a direct gift and if that fact is a deciding factor in your giving decision. Should you use a donor-advised fund through the Westminster Foundation or another recognized foundation, the confirmation is done for you.

Receipts and acknowledgments from nonprofit organizations for your donation will come directly from the organization accepting your contribution and should include whether goods or services of any value were provided to you in exchange for your donation as required by the IRS. Please note that the federal income tax deduction is limited to the excess of the contribution over the fair market value of any items received in exchange for the donation. The taxpayer claiming the charitable income tax deduction is responsible for keeping any written acknowledgment of your donation for your tax records.

There are many opportunities to plan your charitable giving that may allow you to maximize and multiply your charitable intent. We encourage you to seek professional advice and speak openly with your advisors about your desires and your charitable goals. Communication and planning may allow you to give far in excess of what you think you can give and multiply your giving legacy.

Please seek the advice of a qualified legal and tax professional for the specific effect of all donations on your individual income and/or estate tax situation.

For a list of qualified estate and tax professionals, please contact Kristen Davis Rhyne at the Westminster Foundation at krhyne@westminsterfoundation.com or 803-366-8880.

Instruct those who are rich in this present world not to be conceited or to fix their hope on the uncertainty of riches, but on God, who richly supplies us with all things to enjoy.

Instruct them to do good, to be rich in good works, to be generous and ready to share, storing up for themselves the treasure of a good foundation for the future, so that they may take hold of that which is life indeed.

I Timothy 6: 17-19
